RE: Fail To Comply With A Condition Of An Authorization

Dear S22 ,

You hold Conditional Water Licence 505221, issued under the Water Sustainability Act. This licence contains the following condition:

The licence holder shall keep records of all water withdrawals for Waterworks: Sales purposes in units of cubic metres. This information must be emailed to the Regulator at water.volumedata@bc-er.ca on a quarter-annual basis, on or before January 25, April 25, July 25 and October 25, for the preceding three month period. This requirement for water use reporting can be amended from time to time as directed by the Water Manager

This condition provides you 25 days to compile your water withdrawal data and to submit a report to the BC Energy Regulator (BCER). A report for the months of January, February and March was due no later than April 25, 2024. The report was received on April 30, 2024, after the BCER requested it. This is not the first reporting quarter for your licence.

Given the circumstances, you will be issued a warning only for the following:

S22 , on or about April 26, 2024, at or near Fort St. John, in the Province of BC, did fail to comply with the condition of an authorization contrary to Section 106(3)(k) of the Water Sustainability Act.

If you have any questions, please contact the BCER.

Sincerely,

R.A. Workman

R.A. Workman
Manager, Enforcement
BC Energy Regulator
