Dear Ms. Slark:

**RE: PRESSURE MAINTENANCE WATERFLOOD PROJECT  
APPROVAL ORDER CANCELLATION  
CECIL LAKE FIELD – CECIL 'D' POOL – NCE PROJECT**

The subject pressure maintenance waterflood project in Cecil Lake Cecil 'D' pool was approved by the Regulator on November 14, 2003. However, the project never became effective as water injection has never commenced. On January 17, 2025, Canadian Natural Resources Limited indicated via email that they consented to the cancellation of the project approval.

Pursuant to the Energy Resources Activities Act (ERAA) section 75 (2)(b)(i), the Regulator may cancel, suspend or amend a designation at the request of the applicant to whom the designation was given. The pressure maintenance waterflood project approval Order 03-09-004 for the Cecil Lake field Cecil 'D' pool, is hereby cancelled, under the authority of ERAA section 75(2)(b).

Note that the pressure maintenance gas injection approval in the same pool, Order 89-13-002, remains in place.

Please contact Logan Gray at (250) 419-4465 or the undersigned at (250) 419-4430 should you have any questions.

Sincerely,

---
