2400, 300 - 5<sup>th</sup> Avenue S.W.  
Calgary AB T2P 3C4

Dear Mr. Penton:

**RE: REQUEST FOR CONCURRENT PRODUCTION APPROVAL AMENDMENT  
STODDART NOTH PINE "F" OIL POOL**

The Commission has reviewed your application dated July 16, 2002 requesting an amendment to the Concurrent Production scheme approval 98-07-002 (Amendment #1) for a portion of the subject pool. Specifically, you requested a higher daily gas allowable within the scheme area.

There are two Concurrent Production scheme approvals with the Stoddart North Pine "F" oil pool. Samson operates one scheme (Project 2) for the northern portion of the pool whereas Advantage Oil & Gas Ltd. operates the other (Project 3) for the southern portion of the pool. It should be noted that, for the sake of equity, approval conditions for both scheme were based on identical methodology.

We have received a letter dated August 28, 2002 from Advantage raising objections to your proposal of higher gas allowable within your scheme area. This objection is considered to be valid; therefore, we cannot approve your request of a higher gas allowable within your scheme.

Sincerely,

Craig Gibson, P.Eng.  
Manager  
Reservoir Engineering and Geology

Cc: Jeff Helm (Advantage Oil & Gas Ltd.)

Approval Letters to Industry  
GEP, SWD, CONCURRENT PROD,  
PRESSURE MAINTENANCE,  
WATERFLOOD, ETC.
