RESCINDED

Dear Mr. Bokenfohr:

**RE: CONCURRENT PRODUCTION APPROVAL RESCINDED  
OBSERVATION WELL APPROVAL  
TALISMAN ET AL MUSKRAT 8-27-87-18; WA# 7420**

The Ministry issued a Concurrent Production Scheme approval dated July 17, 1992 for the area of section 27-88-18 W6M. This was intended to allow simultaneous commingled production of the Halfway "B" oil pool and Halfway "C" gas pool from the well 8-27-87-18. Other wells are now successfully producing oil from the Halfway "B" pool under individual well daily allowables.

Therefore, as requested, Approval 98-07-001, granted under section 97 of the Petroleum and Natural Gas Act, is hereby rescinded.

Your request to use the subject well as an observation well is hereby approved, subject to the following conditions:

1. No further production may be taken from the Halfway formation, except as may be required for testing purposes.
2. This well may be included in future pool reservoir pressure tests.
3. Once surface production facilities have been altered to cease production, a form BC-11 (Notice of Commencement or Suspension of Operations) must be submitted to this office, listing the "New Status" of the well as "Observation".

Sincerely,

Bou van Oort, P. Eng.
