Dear Ms. Lai:

**RE: GOOD ENGINEERING PRACTICE (GEP) APPLICATION  
PEEJAY WEST HALFWAY "D" POOL**

---

The Ministry has reviewed your application for a GEP, dated March 21, 1997, for a portion of the subject pool.

Canadian Natural Resources Limited (CNRL) presently has only one well producing from this pool, at b-32-G/94-A-15 (WA# 8374), with a daily oil allowable of 23.5 m<sup>3</sup>/d. As discussed in recent telephone conversations, the Ministry can see no merit in an individual well project. Should CNRL complete a second well or make a joint application with the other operator in the pool, the Ministry will be willing to review your proposals.

Should you have any questions, please contact the undersigned at (250) 952-0311.

Yours sincerely,

P. S. Attariwala, P.Eng.
