Dear Ms. Mercier:

**RE: GOOD ENGINEERING PRACTICE APPROVAL, AMENDMENT #3
HERITAGE – MONTNEY “A” POOL**

Commission staff have reviewed the application, dated February 8, 2010, requesting an amendment to the Good Engineering Practice (GEP) scheme approval for producing gas from a portion of the Heritage regional field Montney “A” pool.

Attached is Approval 08-06-013 (Crew Project #2) Amendment #3, granted under Part 8, Division 6, Section 101 of the *Drilling and Production Regulation*. This amendment enlarges the gas target area to within 150 meters of the east boundary of section 7-82-19 W6M to accommodate extended horizontal drilling. GEP approval is intended to allow the drilling and production of gas wells without regard for spacing and target restrictions for maximization of gas recovery.

Should you have any questions, please contact Ron Stefik at (250) 419-4430.
