R.A. Pachovsky, P. Eng. Senior Staff Engineer Duvernay Oil Corp. 1500, 202-6<sup>th</sup> Avenue S.W. Calgary AB T2P 2R9

Dear Mr. Pachovsky:

RE: GOOD ENGINEERING PRACTICE APPROVAL GROUNDBIRCH – DOIG "D" POOL

The Commission has reviewed your application dated February 13, 2008 requesting a Good Engineering Practice (GEP) scheme approval for producing Doig formation gas from the Saturn field.

Geological review of the area of application has resulted in OGC mapping of the Groundbirch field – Doig "D" pool

Attached is a GEP scheme approval for the subject pool. The Approval 08-06-009 is hereby granted under Part 8, Division 6, Section 101 of the *Drilling and Production Regulation*.

The approval is intended to allow operational flexibility and to allow the drilling of additional gas wells without spacing, target or production considerations for maximization of gas recovery. No objections were received following posting of notice of the application on the OGC website.

Should you have any questions, please contact the undersigned (250) 952-0366 or Kelly Okuszko at (250) 952-0325.

Sincerely,

Richard Slocomb, P. Eng.

Supervisor, Reservoir Engineering

## APPROVAL 08-06-009

## THE PROVINCE OF BRITISH COLUMBIA PETROLEUM AND NATURAL GAS ACT DRILLING AND PRODUCTION REGULATION OIL AND GAS COMMISSION

IN THE MATTER of a Good Engineering Practice (GEP) scheme of Duvernay Oil Corp. (Duvernay) to produce gas from the Groundbirch - Doig "D" pool without well spacing, target or production restrictions.

NOW, THEREFORE, the Commission, pursuant to Part 8, Division 6, Section 101 of the *Drilling and Production Regulation*, hereby approves the GEP scheme of Duvernay for drilling wells without spacing, target or production restrictions, as such scheme is described in

an Application from Duvernay to the Commission dated February 13, 2008.

This project is approved, subject to the conditions herein contained and, in particular:

1. The area of the project shall consist of:

Twp 80 Rge 20 W6M Sections 33 and 34, Twp 81 Rge 20 W6M Sections 3-5, 8 and 9.

- 2. The requirements of Section 10 of the *Drilling and Production Regulation* are hereby waived, provided that gas wells within the project area are not completed nearer than 250 m to the sides of the approved project area.
- 3. The gas wells within the project area may be produced without individual well allowable restrictions.
- 4. This approval may be modified or rescinded at a later date if deemed appropriate.

Richard Slocomb

Supervisor, Reservoir Engineering
