Dear Mr. De Marco:

**RE: ENLARGEMENT OF GOOD ENGINEERING PRACTICE AREA  
 CLARKE LAKE SLAVE POINT "A" POOL**

---

The Ministry has reviewed your application dated March 31, 1998 requesting that two more gas spacing units be added to the existing Good Engineering Practice (GEP) area in the subject pool.

We concur with your interpretation that the wells PC Clarke b-78-G/94-J-10 (WA 9539) and PC Hz Clarke a-92-G/94-J-10 (8151) are completed and producing from the Clarke Lake Slave Point "A" pool.

Accordingly, as requested, the GEP area is enlarged to include units 78, 79, 88, 89 of Block G/94-J-10 and units 92 and 93 of Block G and units 2 and 3 of Block J/94-J-10.

Yours sincerely,

B. van Oort, P.Eng.  
 Director  
 Engineering and Operations Branch
